Noncommunicable Diseases Malaysia Conference (NCDM) 2026
Abstract Submission Guidelines

1. Funding Source:
Please indicate the funding source where applicable.

2. Abstract Title:
The abstract title should reflect the entire study and not focus solely on the results. The NCDM Scientific Committee reserves the right to edit the title where deemed appropriate.

3. Co-author(s):
The full names of all co-authors, institution name and address, email address, and disclosure information must be provided for submission. You may list up to 20 authors for each abstract.

4. Disclosure Declaration:
NCDM's policy on abstract submission and presentation aims to ensure balance, independence, objectivity, and scientific rigour in all conference activities.

a. Every author must disclose any financial interests, funding sources, institutional affiliations, or other potential conflicts of interest using the Disclosure Form.
b. The grant number and names of the awarding organisations must be included, where applicable.
c. It should be clearly stated if the funder had no involvement in the research design, data collection, analysis, interpretation, writing, or decision to submit the abstract.
d. Abstracts funded by the tobacco or vaping industry, whether in whole or in part, will not be accepted.
e. All authors are required to provide honest and accurate disclosure information.

5. Abstract Submission Themes:
The submitting author is required to select the theme that most accurately aligns with the content of the abstract as outlined below. The NCDM Scientific Committee reserves the right to recategorise an abstract if deemed necessary.

Theme	Description
Prevention, Risk Reduction, Screening & Early Detection	Abstracts focusing on NCD prevention, risk reduction, health promotion, screening, early detection, diagnostic pathways, risk assessment, lifestyle interventions, health literacy, environmental and occupational risk factors, and community-based prevention initiatives.

Treatment, Integrated Care & Long-Term Management	Abstracts focusing on NCD treatment, clinical management, multidisciplinary and integrated care, primary and specialist care, multimorbidity, medication management, care coordination, long-term disease management, treatment outcomes, and models of chronic care.
Living Well, Rehabilitation, Supportive Care & Quality of Life	Abstracts focusing on rehabilitation, functional recovery, supportive and palliative care, nutrition, physical activity, psychosocial support, self-management, treatment burden, caregiver support, disability, healthy ageing, survivorship, and quality of life among people living with NCDs.
Innovation, Digital Health, Precision Medicine & Emerging Science	Abstracts focusing on emerging diagnostics and therapies, precision medicine, genomics, biomarkers, artificial intelligence, digital health, telehealth, remote monitoring, medical technology, innovative models of care, and other scientific or technological advances relevant to NCD prevention and management.
Access, Equity, Health Systems, Policy & Advocacy	Abstracts focusing on access to NCD services and medicines, health equity, health financing, health systems, primary care strengthening, implementation research, health policy, advocacy, civil society action, patient engagement, social and commercial determinants of health, and strategies to strengthen NCD prevention and care at the population level.

6. Abstract Body:

The abstract should include the background, aims, methods, results, and conclusions of the research. Each abstract is limited to a maximum of 300 words. Illustrations, tables, and figures are not permitted.

a. Please ensure that the abstract does not contain any spelling, grammatical, or scientific errors. All authors who have made significant contributions to the work should be listed prior to submission. No changes will be permitted after submission, and no proofreading will be performed by the organisers. Abstracts will be published as submitted.

7. Submission Fee:

There is no fee for submitting an abstract. However, upon receiving the notification of acceptance, presenters are required to complete the conference registration and pay the applicable registration fees.

8. Notifications, Changes & Withdrawals:

a. After the abstract submission deadline, no resubmissions or edits will be permitted. If the first author wishes to withdraw the abstract from presentation, a written request must be submitted via email to infoncdm@cancer.com.my .
b. The submitting author is encouraged to submit the abstract before the deadline, as submissions may be reviewed and accepted on a rolling basis.
c. The total number of accepted abstracts is limited to 150.
